The image shows a dark, almost black, textured surface, likely a rock slab, with several trilobite fossils embedded in it. The fossils are light-colored, showing the characteristic three-lobed structure of these ancient marine arthropods. One large trilobite is prominent in the upper left, another in the lower left, and a smaller one in the lower right. In the upper right, there is a circular fossil that appears to be a brachiopod. The text "THE END" is centered in the middle of the image in a bright yellow, sans-serif font.

**THE END**
