

CAST AND REEL FOR THE BIG CATCH

Marine Fishing is a mecca for fisherman, from beginners to Pro's. Get ready for a fishing experience of a lifetime

Lively fish movement and lure action, feature in realistic underwater marine scenes created using the power of NAOMI. Lifelike underwater scenery, crystal clear marine water, and fish fighting furiously against the line are screened on a large 50 inch screen, to excite both player and spectators.

Designed to appeal both to those wishing to try marine fishing for the first time, as well as those professional marine fishermen who just want to hone and polish their skills on a realistic simulation game. This machine packs all the fun and thrill of marine fishing into one very realistic game designed to appeal to a wide variety of players.

LOCATION

You can select from three different marine environments to fish: shallow waters, deep sea and coral reef. Each area offers a different fishing experience. Select the area that suits your fishing style!

LURES

There are six different kinds of lure to choose from> Pick the one that suits your needs.

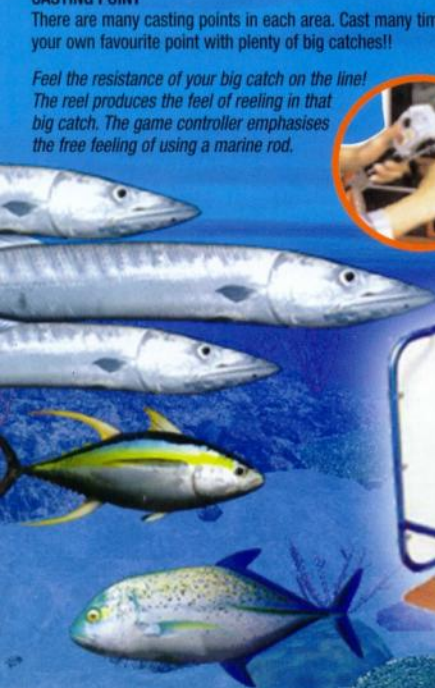

THE CATCH

There are 15 different varieties of fish to catch including Barracuda, Tuna, Swordfish and Shark. Choose from a tiddler to a monster and increase your score accordingly.

CASTING POINT

There are many casting points in each area. Cast many times and discover your own favourite point with plenty of big catches!!

*Feel the resistance of your big catch on the line!
The reel produces the feel of reeling in that big catch. The game controller emphasises the free feeling of using a marine rod.*
