ATARI® HOME COMPUTERS

ATARI® 400™/600™/600XL™/800™/800XL™/1200XL™

You are a frenzied bartender trying to keep the never ending flow of thirsty customers well watered. You'll have to keep slinging sodas and occasionally guess which cans of soda the Soda Bandit has shaken.

As if that's not enough work for one bartender, try covering four different bars with a different crazy crowd in each bar. There's the Old West Saloon, the Jock Bar, the Punk Rock Bar, and the Space Bar.

Keep the sodas coming, but not too fast. You'd better be sure you've got a customer without a drink at the bar or the drink will slide right off the bar, and no self-respecting bartender throws drinks away. Keep your eyes open for the empties the customers sling back your way.

U **SING YOUR** **CONTROLS**

1. Insert the game cartridge/diskette while the power is OFF.
2. Turn the power ON and you'll hear the Tapper theme music as the first game screen (Old West Saloon) appears.
3. You have the option of choosing the difficulty level at which you wish to play by pressing the option key. There are three difficulty levels.
 - BEGINNER— five lives with 1 slow-moving customer per bar
 - ARCADE— three lives with 1 fast-moving customer per bar
 - EXPERT— three lives with 3 to 4 fast-moving customers per bar
4. You can push the Fire Button on joystick 1 for a one-player game. Or you can use the game select switch to select a 1 or 2 player game. If you are playing a two-player game, after player one suffers a defeat, player two has his or her turn.
5. Use your joystick control to move your Bartender accordingly:
 - Up—Bartender moves up to next bar.
 - Left—Bartender moves left along bar.
 - Right—Bartender moves right along bar.
 - Down—Bartender moves down to next bar.

If you move your Bartender down all the way to the bottom bar and you continue to press the joystick down, he will automatically wrap around to the top bar. If you move your Bartender all the way to the top bar and

continue to press the joystick up, he will automatically wrap around to the bottom bar.

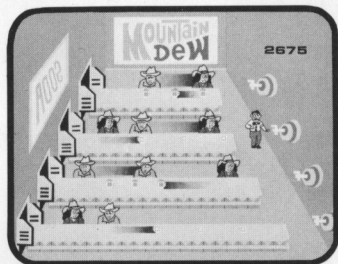

6. If you wish to play using your keyboard rather than joystick control, use the following keys:

Up—A Left—L Pause—ESC
Down—Z Right—; Option Key—to get option screen

The Spacebar is used as the Action Button to serve and pour sodas.

7. You have to keep the Bartender in place while filling mugs. The mugs will not go to customers unless they are full.

HOW TO PLAY

OLD WEST SALOON

SCREEN AND GAMEPLAY

Tapper consists of three separate game screens on cartridge and 5 screens on disk. The Old West Saloon, the Jock Bar, the Punk Bar, the Space Bar, and the Bonus Round which occurs between each of the four bar scenes.

The score for player 1 is displayed at the upper left corner of the screen. The number of lives that player has remaining is indicated by up to five mugs (one for each life) below players' score. Each time a player loses a life, one of the mugs is removed.

If you are playing a two-player game, the score for player 2 appears at the upper right corner of the screen and that player's number of lives is displayed below the players' score.

BONUS ROUND

In the Bonus Round, the Soda Bandit challenges the Bartender to a soda can version of the old fashioned shell game.

SODA BANDIT

The Bandit will shake five of the six soda cans on the bar and shuffle the cans around. You'll have to keep a close eye on the one can he has not shaken. When the Soda Bandit has stopped shuffling the cans around, using the joystick, move the Bartender over to the can you think was not shaken by the Soda Bandit. Push the ACTION button to open the can you have chosen. If you have chosen the unshaken soda can, you receive a 3000 point bonus. If, however, you have mistakenly opened one of the cans the Soda Bandit has shaken, you'll get a shot of soda sprayed in your face.

JOCK BAR

BAR SCENES

In order to advance through each of the screens comprising the different bar scenes, you must successfully serve each of the customers as they approach you at each bar. When a customer finishes his soda, he'll sling his mug back to the bartender. The Bartender must catch the empty mug, or you lose a life. To collect added points, you may collect the tips the customer will occasionally leave on the bar. When you grab the tip, a trio of dancing girls appear on the stage. But be careful! When they do, the customers will naturally turn around to see them and while their backs are turned, any mug of soda you sling will end up on the floor!

In order to survive the demands of tending bar, there are three things you must avoid.

1. Do not allow a customer to get all the way to the Bartender's end of the bar without a drink.
2. If the Bartender jumps the gun and slings a soda where there is no customer to grab it, the mug slides off the bar and onto the floor.
3. After each customer has gulped down his soda, he'll sling his empty mug back to the Bartender, if he is still on the screen. Do not let the mug get by. If it does, it will break!

Each time any of these three events occur, your Bartender will lose one of his lives.
