DOMENIC TROIANO

1983

A grainy, high-contrast photograph of a large, multi-story building, possibly a school or institutional structure, with a fire or explosion in the foreground. The image is dominated by warm, orange and yellow tones, suggesting intense light or fire. The building's facade is visible, showing windows and structural elements. The foreground is filled with a large, bright, and somewhat chaotic area, likely the site of the event. The overall quality is that of a low-resolution scan or a film still.
