

GRAB 'N' WIN

MANUFACTURED BY: **ICE**
2 PLAYER

Grab 'N' Win

THE ULTIMATE CRANE!

Bringing cranes into the 21st century ICE presents Grab N Win! Not only has it got a stunning contemporary look that's great for any location, but it's been given some serious technical upgrades that make this the ultimate prize crane! Point of sale is super easy to install, the LED lighting can be set to any colour in the RGB spectrum and for the larger operator settings can be controlled by head office with the new game play management system. For smaller operators, it is still possible to set up the crane in a more traditional way. Grab N Win is not just a winner for players, but for operators too!
