THE SAN DIEGO HILTON

Dear Mother,
So this is a honeymoon.
Somehow, it's not quite what I had
expected. But I guess you never
know what a man is really like
until you've lived with him. Rick
has already thrown a few surprises
my way.

He is spending so much time
downstairs, I don't know what to
do. Could it be my fiancée right now?
He says I just don't push the right
buttons. It all started the first night
on our wedding night, Rick scored big
at Space Odyssey. In fact, he got the
week's high score with 12,000 points!
He was a real hero - but he played
until 10 p.m.!

Mother, why didn't you warn
me about Space Odyssey? Rick simply
can't keep his hands off that game.
I didn't think I'd ever understand his
passion for Space Odyssey, but I
couldn't bear letting it come between
us. So I tried Space Odyssey, but I
you know I'm not much for this sort
of thing, but I'll tell you, Space Odyssey
is really something.
You pilot a ship over a city,
just skimming the tops of space-age
skyscrapers.

June... 1981

THE SAN DIEGO HILTON

Dear Mother,
So this is a honeymoon
somehow, it's not quite what
I wanted. But I guess you never
really...

you control the latitude and speed
of the ship. The object of Space
Odyssey is to wipe out as many
of the invading targets as possible
while avoiding collisions with
the targets, air missiles and
buildings.

After battling through the
first four waves, the ship is put
in automatic warp, signaling
a change in altitude.

Now the city becomes a cosmic
patchwork quilt. During these
waves, black holes appear
randomly through space. The
black holes send your ship
temporarily into zero gravity if
you fly too close.

I've become a pretty good Space
Odyssey player. So tell you the
truth, the last two days I've
beat Rick's top score. Last night,
he was so determined to top my
score he spent the night in the
game room.

Space Odyssey is a great game,
but REALLY!

See you when we get back.

Love and Kisses,
Andrea
