## BLEACH: Dark Souls™

**Genre:** Action-Fighting

**Developer:** Treasure

**Platform:** Nintendo DS

**BLEACH: Dark Souls™** on the Nintendo DS™ brings an exclusive storyline, expanded cast of playable characters and fast multi-plane fighting action for up to four players via Wi-Fi. Players will also build a power-packed Spirit Card Deck and collect power crystals to augment their spirit card powers on the lower screen and dish out moves that will directly affect their opponent's gameplay. With a burgeoning cast of 44 characters including the ability to play as Hollows, players can spend hours experiencing furious fighting gameplay and unlocking personal character stories all based on the series' story arc.

**BLEACH™** is a popular animated series on Cartoon Network. The series follows the life of a 15-year-old boy, Ichigo Kurosaki, who crosses paths with a Soul Reaper and becomes one. The franchise has established itself as a major anime series in Japan, and is now creating a stir in North America. The first season of the show was featured on Cartoon Network's program, Adult Swim, and received solid ratings in America this past year. The series is poised for a successful second season that began March 2008.

### **KEY FEATURES:**
