Derby Owners Club Special Edition

Same game, same earnings, less
– What's not to like?

DERBY OWNERS CLUB
WORLD EDITION

Sega's early testing indicates an astonishing 92% rate of repeat play – a number that is quite simply off the charts.

Derby Owners Club – SE brings you all the great features and benefits of its bigger sibling in a compact size that fits into just about any location. The innovative cabinet design allows up to four players to race simultaneously while creating an atmosphere that promotes friendly competition, social interaction, and incredible repeat play.

If you thought Derby Owners Club World Edition was too big for your location...Think again. Derby Owners Club – Special Edition takes up just 80 square feet, - about the same amount of space as a table for 6.

You won't need double doors to get this game into your locations. The cabinet breaks down to a size that will fit through a 32" door allowing access to just about any street location.
