WARNING: READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation 2 console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game — dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions — **IMMEDIATELY** discontinue use and consult your physician before resuming play.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation 2 console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

USE OF UNAUTHORIZED PRODUCT:

The use of software or peripherals not authorized by Sony Computer Entertainment America may damage your console and/or invalidate your warranty. Only official or licensed peripherals should be used in the controller ports or memory card slots.

INTRODUCTION

Taito Corporation pioneered coin-operated arcade games and created the computer games industry we know today. From the revolutionary and seminal Space Invaders in 1978, through Bubble Bobble and Rainbow Islands, not forgetting classics such as The New Zealand Story and Operation Wolf, hit after hit has made Taito one of the leading coin-op manufacturers and developers of the past 25 years.

Taito Legends offers arcade-perfect versions of an unprecedented selection of titles from the Taito stable. This is the strongest and most varied collection of arcade games ever assembled on PlayStation®2 computer entertainment system.
