The Ocean Hunter

Take to the High Seas Underwater Adventure!

Horrific monsters have been sighted in each of the seven seas!

Players of all ages will literally be drawn to this game by the incredible graphics being produced by Sega's Model 3 Step 2 technology. The intense gameplay and action charged guns create a heart pounding underwater experience never before seen in an arcade video game.

Players will encounter an array of marine life, which dominate the seven seas, while exploring ancient ruins indicating the inhabitation of a civilization long ago. All the while, being fascinated by the spectrum of colors, created by the sun light shining through the water. The battle is not only against the threatening marine life, but the titanic icebergs, which are capable of sinking the Ocean Hunter.
