

BACK TO ROCK YOUR WORLD.

Virtua *Fighter* REMIX

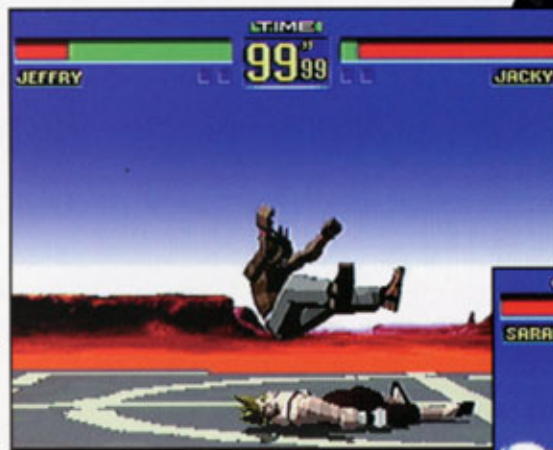

- More moves, more competition, more awesome action!
- Sega's exclusive Titan Arcade Architecture immerses the gamer in a Virtual World of adrenaline pumping excitement!
- Totally revolutionary texture mapped graphics and ever-changing 3D perspectives hit you square in the face!
- New Ranking Mode judges player prowess against each Virtua Fighting Master. Are you up to the challenge?

The smash hit Virtua Fighter is back, only this time there's really something to fight about!

- Mesmerizing 3D polygon graphics transport the gamer to the ultimate battlefield!
- New **Ranking Mode** allows for enormously competitive excitement, and is now available to challenge video warriors across the planet. Virtua Fighter Remix actually judges player skills and ranks each gamer according to their brawling ability!
- Sprite based system allows superb color, detailed facial expressions, instantaneous player command response and super-high definition, all from standard resolution!
- Players can go head-to-head with a friend, or fight alone through a tournament. The intense contest culminates in a final test of wills with the ultimate master warrior.
- **Wanna see it again?** Virtua Fighter Remix replays all those jaw-jarring moves.
- Get all the intensity of the first mega-colossal hit, with more moves and more fist-clenching competition!
