See the enclosed **Quick Control cards** for default game controls, or view **Control** under **Options**.

## GAME MODES

**PLAY**  
QUICK PLAY  
**SIMULATION**

Press **UP** or **DOWN** on the **D-PAD** to highlight your choice, then press the **START** or **B** **BUTTON** to confirm your choice.

### NFL™ PLAY

This mode features Preseason, Full Season, Playoff and Pro Bowl™ action, plus the ability to mold your own team via trades!

## QUICK PLAY

Jump straight into action with Quick Play mode. In this mode, two teams are selected at random by the computer for a fast fix of Preseason action. Quarters are only five minutes each in Quick Play, and difficulty is set to Pro.

## SIMULATION

This mode lets your imagination and adrenaline kick in as you play in the most incredible game situations of the past, present and future--or create your own! Can you defeat them all?

(See page 21 for more details on Simulation play.)

## CALLING PLAYS

There are two play select modes, **Quick Select** and **Normal Select**. Plays are

divided first by various defensive and offensive formations. Zone categories based on yardage situations (Short, Medium, Long, and

Bomb Zone) appear next, finally branching out to a number of plays appropriate to the selected formation and yardage.

## **QUICK SELECT:**

- Select your formation, then confirm your choice.
- Select a play in that formation, then confirm your choice.
- Get into the action!

## **NORMAL SELECT:**

- Select the desired formation, then confirm your choice.
- Select the proper yardage situation and confirm your choice.
- Scroll left and right through the available plays, then press the action control (**A, B, C or Z**) for the desired play.

## **ONCE YOU'VE PICKED A PLAY, YOU CAN:**

- Flip the Play (reverse the formation and direction of the play)
- Start Play (begin the action!)
- Choose No Huddle (or Flip Play/No Huddle!) No Huddle will take you back to the line of scrimmage following the play.

Play begins when the Quarterback snaps the ball.

## USING AUDIBLES/ HYPER AUDIBLES:

To call regular Audible plays, you must first set audibles (see Pause options for details). When you get to the line of scrimmage press the **X BUTTON** to call an Audible, then press the letter associated with the desired play. To call a Hyper Audible, press the **Z BUTTON**, then the three-letter code associated with the desired play.

Hyper Audibles allow you to quickly call a play at the line of scrimmage without specifying the information. You simply input a three button sequence for the play situation and the computer will automatically pick one of the many appropriate plays.

	<b>X</b>	<b>A</b>	<b>B</b>	<b>C</b>	<b>Z</b>
PRESS 1		RUN	PASS

\* NORMAL, EXCEPT FOR DEFENSE  
PUNT CASE: PUNT BLOCK

For example: a short run to the left would be input as A, A, A

A Pass fake from a punt formation to the middle would be Z, Z, B

## **NO HUDDLE**

This allows the player to set a "no huddle" situation on offense for the purpose of speedy game play or hurry-up and two-minute drill situations. If the no huddle option is set, no playbook options will appear, and players will call plays from their selected, default, or Hyper audibles. Once a No Huddle offense is set, it remains in effect until you select a Huddle setting or the clock stops.

## **NFL™ PLAY MODES ORIGINAL & TRADED ROSTERS**

In Preseason, Season or Playoff modes, you can use the default Original Roster, or use a previously saved Traded Roster. If you select

a Traded Roster, you will go to the **Restore screen**, where you can choose one of five saved

rosters. You will then begin the selected game type with the specified roster. See **Trade Player** (page 12) for more on this mode.

## **PRESEASON**

Practice your skills in this exhibition mode, then take your instincts and intensity into Season play. Preseason games are a great way to get a feel for the game!

## **NEW SEASON**

Begin a new Season and coach your team all the way to the Super Bowl™! You can even upgrade your team using the Trade Players mode to build a team that's virtually unbeatable! In Season mode, you select only your own team; the computer determines your opponents throughout the season.

## **SAVING A SEASON SCHEDULE**

Once you choose Resume Season, you'll see the Restore Screen, where you can select which of up to five saved seasons you wish to play. Then view the standings and your Season Schedule.
