

THE DREADED SPACE WAR HAS AT LAST BEGUN!

SODI

While meetings were being held concerning the peaceful utilization of space, the enemy country was at the same time secretly launching such strategic weapons as nuclear missiles, and reconnaissance & killer satellites. The attack is now underway. You must immediately launch the defensive ship from the shuttle to intercept the hostile invaders. Who will be the most successful in thwarting the opponent's violent onslaught.

SDI

YOUR MISSION: DEFEND OUR COUNTRY FROM THE ENEMY'S SPACE WEAPONS!

★ **SDI, A PREVIEW OF HOW WARFARE WILL BE WAGED ON THE BATTLEFIELDS OF TOMORROW** ★

- Its unique 8-WAY JOYSTICK and CONTROL BALL for precision aligning of the sight, enables you to fully maximize the elements of speed and technique.
- Each of a total of 11 stages consists of both an offensive and defensive scene played out on a simulated three-dimensional screen.
- The results of the offensive half determine the level of difficulty of the defensive half, a new feature which puts a premium on overall military strength.

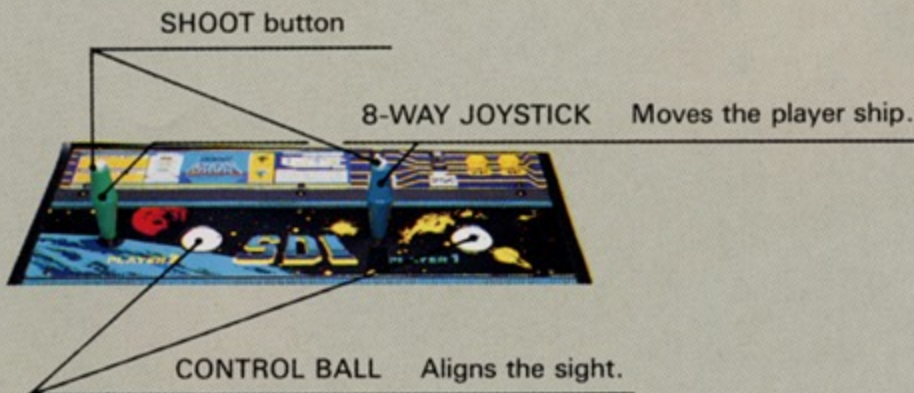

★ **SDI, A STRATEGIC CHALLENGE IN THE SCIENCE OF OFFENSIVE & DEFENSIVE WARFARE** ★

- When on both the Offensive and Defensive, operate the player ship by moving the 8-WAY JOYSTICK, set the sight with the CONTROL BALL and then push the SHOOT button.
- Surviving all of the foe's attacks allows you to proceed to the following scene.
- Accomodates 1- or 2-players simultaneously.

★ **SDI's "DOUBLE BILL" FEATURES** ★

SDI is a revolutionary new game, in that unlike the conventional arcade machine, where avoiding the hostile forces and their armament is the major factor in survival, the SDI emphasizes destroying as many of the enemy and his smart missiles as is humanly possible.

To assist you in accomplishing this, SEGA has electronically engineered a truly unique CONTROL PANEL so as to provide the player with an added degree of accuracy and response, a feature guaranteed to pay off in fast-paced action and higher scores.
