## SHOGUN 2

MASTER THE ART OF WAR. In the darkest age of Japan, endless war leaves a country divided. It is the middle of the 16th Century in Feudal Japan. The country, once ruled by a unified government, is now split into many warring clans. Ten legendary warlords strive for supremacy as conspiracies and conflicts wither the empire.

## RISE OF THE SAMURAI

Set 400 years before the dramatic civil war depicted in SHOGUN 2, the "Rise of The Samurai" campaign is based on the Gempei War, a conflict between six legendary clans of the Taira, Minamoto and Fujiwara families. It culminated in the first Shogunate, and the rise of the Samurai as the ruling class.

## FALL OF THE SAMURAI

The standalone expansion to the award-winning Total War™: SHOGUN 2 explores the conflict between the Imperial throne and the last Shogunate in 19th century Japan, 400 years after the events of the original game. A dramatic clash of traditional Samurai culture with the explosive power of modern weaponry.
