Take the legendary Route 66 from Chicago to Los Angeles across the Wild West. Each area has 2 or 3 collecting and drop off points for the cargo. The destination is changed by the type of the collecting cargo. In total 3 areas, 15 stages, and multiple direction options give new fun to the players and extended lifespan for the cashbox.

### How to play

A player drives an 18 Wheeler Rig to bring various cargo to the destination in a limited time. Each cargo gives the player a different destination route.

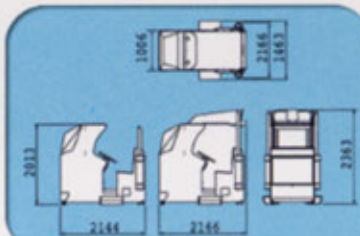

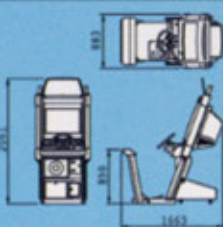

After the player selects the cargo, the player has to connect the Tractor unit (the cabin unit) to the trailer to create the 18 Wheeler Rig. Connect successfully without damaging the cargo and you get an additional "Nitro Boost".

Deliver the cargo 3 times to the destination to clear each area.

Arrive ahead of your rival for extra points.

Stay in the "Slipstream" of other vehicles to increase your speed.

Crash through buildings to find shortcuts.
