Don't Strike Out
New 2-Player
Competition
CHAMPION
BASEBALL II
is a Winner!!

Are your video games striking out?

Now you can score big with SEGA® CHAMPION BASEBALL II conversion kit. Convert your video game into a proven major league winner. It's fast, easy and much less expensive than a new video machine.

CHAMPION BASEBALL II is exciting and different. Most of all, it's fun!

The player can match his skills on offense and defense against the computer—or—against another player. Two player interaction makes CHAMPION BASEBALL II a grand-slam money maker.

The player selects their favorite American team from one of twelve teams. Batting averages and ERA's of all their players are displayed. The defensive player has complete control of the pitcher for curves, sliders, knuckle, fast or fork balls as well as control of the outfield.

CHAMPION
BASEBALL
II

The offensive player controls the batter, pinch-hitter, bunts, base-stealing, and runners. Play is shown in two views — close-up inset of the pitcher and hitter and an overview of the entire field.

Adaptable to any raster scan monitor, each kit contains: Electronic Hardware; F.C.C. Board Cage; Connecting Wire Harness; Marquee; Control Panel; Side Panel Overlays; Player Instruction Decal; Buttons; Switches and Holder Assemblies; 4-Way Joysticks; Mounting Hardware Kit; Technical Instruction Manual; Registration Card; Copyright Seal.
