Dear Sega Game Player,

This is a copy of our most current release date information, Updated on August 23rd, 1991. We've enclosed this information to let you know what we have planned for the coming months. If a game is not listed on this sheet that the game has not been planned for release during the time periods covered.

For more detailed information on the new games please call our Game Play Assistance line at (415) 391-PLAY between the hours of 9am and 4pm, PST. The Game Play Counselors will happily give you information regarding game play type, skill level, and game strategies. We also offer prerecorded "up to the minute" game release announcements on this line.
