

Sport Fishing 2

You feel it tug on the line, it must be a huge one. The fin breaks the surface, it starts to fight. You fight back...harder. You're standing in your seat. Reeling. Releasing. Reeling. Sweating. You think, "I've got him!" right before you think, "I had him #@^!\$%! It's only a game...right?"

**YOU NEVER
KNOW WHAT'S
DOWN THERE!**

REEL IN THE BIG ONE!

The original SPORT FISHING was a huge success. Now Sega is going back in the water with SPORT FISHING 2, bringing awesome simulated fishing to your fun center. Everyone enjoys the big catch, especially when you don't get guts on your fingers. With an authentic rod and reel linked to a video monitor, Sega lets you experience the sensation of reeling in the monster fish!

Your timing has to be perfect. Feel the bite transmitted through the rod and pull him in. Not too hard! If you reel too forcibly, your rod will break and you'll lose that fish forever. You get three shots at the big one, so you better make them all count. A 29" monitor throws you in the water with real video footage. Hope your watch is waterproof! Vivid action scenes take place in the Caribbean Sea and Pacific Ocean. Sega's aquatic sound effects bring the oceans alive with true detail!

Check out these options: Sixteen fishing locations, huge bait selection, 24 types of fish and three levels: beginner, advanced and expert.

Deep Competition. Interactive play is possible by linking two units together, judging the winner on the total weight of fish caught. There's no exaggerated fish tales in this game!

SPORT FISHING 2 employs a compact cabinet to fit in any location. So find a space and catch some big earnings!

Sport Fishing 2

INDY 500
