WELCOME

The combined territories of Sega Amusements Europe and Sega Amusements USA cover over half the globe. We offer a 'one stop' destination for the range of amusement equipment proven for the small operator through to large corporate national brands.

Sega develops and distributes coin operated amusement games across all genres - video, novelty, redemption, pushers, simulators, attraction pieces, prize retailing and more.

As a world renowned leader in the video market and producing high end, long term earning products, is the cornerstone of our reputation. The two territories are also committed to finding new products in all product groups from around the world and bringing the best to your business.

Both companies have 'in house' divisions that supply dedicated spares for your business along with comprehensive technical support. Sega Total Solutions in Europe and Sega Spares in America are there to support you and your customers and strive to deliver the very best customer service.

The Sega Prize divisions work hand in hand with the prize products offered under Sega's umbrella and many others in the market place. They retail both exclusive licensed and non licensed merchandise for your prize operations.

The combined group is committed to bringing the best product, support and service to our customers but Sega is more than just a supplier. We work closely with operators to understand their business, to help develop their business, and to develop products that the operator can invest in with confidence, ultimately making the operator more successful.

SONIC & SEGA ALL-STARS RACING ARCADE

NEW

AN ALL-STAR RACER

In a frantic battle to the chequered flag, Sonic and friends speed around tracks set in medieval castles, lush rain forests and bustling cities, all taken from the visually rich and varied universes of Sonic and Sega. Fan favourites such as Dr. Eggman, Tails, AiAi, Amigo and many more will join Sonic in their custom built vehicles.

Battle it out in Championship mode or link up to 8 cabinets to find out who the ultimate racer is! SSR features a revolutionary new illuminated cabinet and seat that will grab players attentions instantly. They will keep coming back for more too, because Sonic & SEGA All-Stars Racing Arcade features a ticket payout system, so not only do players have the satisfaction of victory over their rivals, they will now be rewarded for it too!

- 32" LCD
- 13 characters, 13 tracks & 3 game modes

Fantasy entertainment

Since 1995, Fantasy Entertainment has become the largest manufacturer and operator of coin-operated photo booths in all of North America. Their booths are professionally manufactured and integrated, commercial-grade products that are both fun and functional. Visually stunning in their appearance, Fantasy photo booths create excellent business opportunities for operators, and exceptional entertainment value for the end user.

FOLD'N FOTOS

FOLD, FLIP, TEAR, SHARE

Fold'n Fotos starts with four poses, but where it ends up is anybody's guess. Peel away the adhesive backing & see what develops as your choice of graphic theme & style combine to produce eight colorful and unique stickers - each showing casing individual photos on their own and in a group of four. If you choose, fold the stickers back on themselves to produce four, double sided, long lasting photo cards!

PUTS YOU IN THE PICTURE

Fantasy Entertainment's re-designed Foto Fantasy photo booth provides destination locations with an excellent revenue-generating opportunity and a unique entertainment experience for their patrons.

Each Foto Fantasy booth's exterior is customised to capture the distinctive spirit and personality of its location, and generates 9 high-quality branded photo souvenirs. New "Luma-Key" technology uses a light-panel backdrop to isolate the customer's image and display it within layered backgrounds and foregrounds. This technique places each customer inside the photo and provides a new element of interaction.

USED GAMES

SEGA ASSURED QUALITY

In October 2008, Sega Amusements Europe took the decision to sell direct within the UK, which has enabled us to develop a supply chain of previously owned games. We have assembled a highly skilled and very experienced team of technicians, solely dedicated to achieving the highest standards in refurbishing machines, allowing us to offer a wide range of video games, simulators, redemption and novelty machines to any market throughout the world. We understand that it is a false economy to supply our customer with anything other than the very best quality possible and this division prides itself on the work it produces.

All machines, once refurbished, are given our official seal of approval. The 'Sega Assured' stamp proves that the machine has been through extensive testing and has passed our rigorous and strict assessment procedures. We distribute a full list of refurbished products by e-mail on a regular basis. To have your email address added to our database, please send a request to sales@sega.co.uk, & we will keep you fully updated on a regular basis.

SEGA

SPARES & SUPPORT

SEGA TOTAL SOLUTIONS

Formed in February 2007, Sega Total Solutions (STS) has quickly won itself a reputation for its highly professional approach to business. With a wealth of experience amongst our personnel, we are able to offer our customers a service which is unrivalled within the industry.

STS was setup to supply Sega Amusements Europe's customers with parts and service for Sega manufactured machines. However, as Sega Amusements Europe took on the right to distribute new 3rd party products, STS took on the distribution of spares for a number of these world leading manufacturers of amusement equipment.

STS can now offer a complete spares and service package to support the following major brands; Fantasy Entertainment, Ice, Andamiro, Triotech, Simuline, Fusense, Quasimoto, along with it's own and very popular Sonic Allstars machines. STS aim to dispatch on the same day and carry out repairs within 5 working days by Sega trained personnel with parts direct from the manufactures.

This year STS will be proud to be showing, for the first time, the Sega Change Machine, which is a high quality solution to your change machine needs at a competitive price.
