Head-On™

by Gremlin®

HEAD ON™

GAME ACTION

All you have to do is clear the lane markers in all 20 lanes. Each marker progresses in value as winning heats are finished.

Hit the accelerator button for a burst of speed. Shift the joystick for quick lane changes.

But watch out! There's an oncoming car hurtling along in the opposite direction...you must plan your course to avoid the explosive **HEAD ON™** collision.

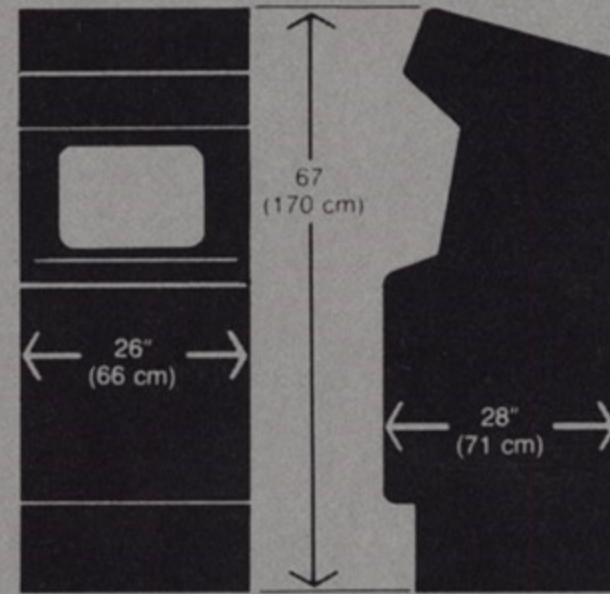

The game ends when a pre-selected number of player cars crash.

There's even a built-in bonus, but you won't see it until you play the game!

FEATURES:

- Number of player cars easily adjustable
- Games available in color or black and white
- Pre-tested, reliable circuitry
- Attention-getting sounds
- Long-life controls
- Attractive, durable cabinets
- Anti-static circuit for NO free games
- Complete service manual
- **E-Z ADJUST™** controls for volume and sound off during advertising
- Cabinet size: 26" W x 67" H x 28" D
Black/white game: 290 lbs.
Color: 330 lbs.
- 100/115/230 VAC; 50/60 Hz; 130 W

And **HEAD ON™** is only the first of our all-new **MultiPhase™** video concept games. So as a player gets better at **HEAD ON™**, **HEAD ON™** gets tougher and tougher to beat. Which means a **MultiPhase™** game keeps them coming back for more. Let Gremlin and **HEAD ON™** put you in the fast lane to outstanding profits.

THE GREMLIN TEST

Gremlin games are thoroughly location-tested to assure you of a product that meets our high engineering standards and earning expectations.
