

The background of the credits is a 3D-rendered scene from the game Shaq Fu. It shows a cracked, brownish ground in the foreground. In the middle ground, there are several large, cylindrical stone pillars, some of which are broken or crumbling. A character with a large, blue, crescent-shaped headpiece and a blue and white striped tunic is standing on the right. To their left, a golden, ornate structure resembling a throne or a decorative pedestal is visible. The overall lighting is dramatic, with strong shadows and highlights, typical of early 3D computer graphics.

GAME CREDITS FOR SHAQ FU
