

### <Doctor>

Doctor is a mysterious old that drifted down to Monkey Island from an unknown origin. He suffers from amnesia and doesn't even remember his own name.

However, he is a well-liked, smart inventor, and everyone in town knows him as Doctor.

- Doctor has the highest acceleration out of the whole gang, but it's probably aided by some sort of contraption he invented. Being a bit on the old side his jumping skills aren't what they used to be as well, but he is still a good monkey to play with.
